

Isaac has been an avid golfer for most of his life. He played for the School of Mines team during his undergrad years and was fortunate enough to help coach during his last year in grad school.

In addition to hitting the links, Isaac enjoys almost any outdoor activity, including biking, running, hiking, and camping. All of these have been made slightly easier with his family's recent move to the Black Hills of South Dakota. He, his wife, and their son are enjoying their time closer to nature.

Isaac Blied, P.E.

Isaac joined the MMY team as a full-time engineer in summer of 2019 after spending the previous two summers as an intern. He enjoys working on a wide variety of projects in both new and existing structures, and has gained valuable experience in wood, concrete, masonry, and steel design.

Isaac spends most of his time working on multi-family apartments and commercial buildings, but really appreciates the unique, atypical projects that foster creative thinking. He also really enjoys helping homeowners with any type of renovation project, no matter how big or small.

Some of his past projects include:

- The Bessemer at Seward – Minneapolis, MN
5-story wood-framed apartments over single-story precast concrete podium
- Elliot Twins Rehabilitation – Minneapolis, MN
Single-story steel-framed meeting space connecting existing apartment towers
- Olson Housing – Minneapolis, MN
92-unit, 5-story wood-framed apartments and townhomes over 1-story precast concrete podium
- Capri Theater – Minneapolis, MN
Addition and renovation to historic theater in North Minneapolis
- Mission Lofts – Minneapolis, MN
Conversion of historic church in South Minneapolis to unique apartment units

Education

Master of Science in Civil Engineering - South Dakota School of Mines and Technology, Rapid City, 2019

Bachelor of Science in Civil Engineering - South Dakota School of Mines and Technology, Rapid City, 2018

Registration and Memberships
